

# CAREERS IN CONSTRUCTION COLORADO

## WHO WE ARE

Careers in Construction Colorado is a 501c3 Non-profit in Colorado Springs, Colorado. This program was started in 2015 by the Housing and Building Association of Colorado Springs, and CICC became a separate 501c3 entity in 2019.

## WHAT WE DO

We bring construction based vocational education into high schools. Through this program students earn certificates which are recognized by the United States Department of Labor, and can acquire internships, job shadows, and entry level jobs in the construction industry.

## SCHOOL LIAISONS

Colorado Springs Schools have the incredible resource that are the Careers in Construction School Liaisons. These liaisons are in each school twice a month to educate and assist students in finding career pathways that are best for them. They are the direct connection between our students and employers in the construction industry. The four outcomes of School Liaisons are as follows:

Pathways into the construction industry

Identifying and training for employability skills

Job Readiness: resumes, interviews, and hiring process

Facilitate job shadows, internships, guest speakers, and employment

## YOUR STUDENT IS IN OUR CLASS!

### HOME BUILDERS INSTITUTE

Careers in Construction Colorado uses curriculum provided by the Home Builders Institute. HBI training experience is the nationally recognized, patented Pre-Apprenticeship Certificate Training (PACT) curriculum. Vetted by subject matter experts, PACT guarantees every student masters the knowledge needed to be employed in an entry-level job in the building industry.

Students can earn up to 14 stackable certificates recognized by the US Department of Labor and the Colorado Department of Labor

### YEAR 1 CURRICULUM

#### PRE-APPRENTICESHIP CERTIFICATE TRAINING (PACT) PACT Core Training:

Unit 1: Introduction to the Building Trades

Unit 2: Construction Math

Unit 3: Tool Identification & Construction Materials

Unit 4: Employability

OSHA 10 Safety Training Certificate

# JOBSTOBUILD

## WHAT IS IT

JobsToBuild is the residential construction jobs platform bringing employment and career opportunities to job seekers, and talented job candidates to employers across building trades.

The platform is powered by The Building Talent Foundation (BTF), and sponsored by the leading homebuilding companies.

## WHY WE USE IT

JobsToBuild is an easy way for students to learn more about career pathways in the construction industry, find entry level positions in their area, and helps create a resume.

School Liaisons are there every step of the way to ensure students have complete profiles and are able to contact employers

## HOW IT WORKS

Job seekers register create their profile

Employers register create their profile

Upload certificates earned, skills, and resume

Post positions of all levels  
Entry level - senior level

Get connected through skills added, manage candidates and applications through jobstobuild

**STUDENT JOB PLACEMENT IN FULFILLING CAREERS IS OUR PRIORITY**

Contact Sydney White, Communications Coordinator  
at Careers in Construction Colorado for more  
information
